## Thanks For Your Help

Western is proud of the part her faculty, alumni and students are taking in World War II. More than 800 names are already on file, including one Brigadier-General, 5 Colonels, 12 Majors, 30 Captains, 202 Lieutenants, 2 Lieutenant Commanders and 43 Ensigns. Every branch of the service is represented. In separate lists have been grouped the casualties, those missing in action, prisoners of war, and those decorated. The record of every man and woman known to be in service is being kept, with date of entry into service, promotions, etc.

We herewith publish the name, branch of the service, and present rank of those who rate a star on Western's service flag, fully realizing that the list is far from complete, and that there are some errors due to inadequate information.

If you have a relative or friend who has attended Western Kentucky State Teachers College and whose name is not on this list, will you kindly supply the following information: name, branch of service, present rank and organization. Send this information as soon as possible to Mrs. Mary T. Moore, Kentucky Building, Western Teachers College.
